Période chronologique Mediterranean Antiquity [- 600 / - 50] → Hellenistic period

Dimensions H. 13 cm L. 5.5 cm l 9 cm

Description : The contacts that took place, at the time of the foundation of Massalia, between Greeks and indigenous tribes are sometimes attested to by surprising objects: for example, this urn made of local material and according to an indigenous technique is equipped with a Greek-made lid. Their association testifies to the meeting of the local populations and the Phocaean settlers.
